

Temporary and Contractor Handbook

Skout Solutions | People and Projects

Welcome

Welcome to Skout Solutions, we are a specialist in large volume people projects and mobilisations. Skout Solutions is an innovative business concept which leverages the unique people and project skills of both Randstad and Broadspectrum parent companies.

In Australia, Skout Solutions has a network of offices providing a diverse range of work opportunities across the public and private sectors. Whether you are seeking temporary or contract work, there is a good chance we will be able to assist you.

Throughout your association with Skout Solutions, your Talent Acquisition Specialist will contact you to advise of current and upcoming positions. We are proactive in the job searching process and will actively market you to our clients for future positions. If your priorities or direction change with regard to temporary or contract work, please let us know.

Our temporary & contractor essentials handbook has been designed to provide you with useful information you need to know when you are on a temporary or contract assignment with Skout Solutions. Should you have any queries about the information enclosed in the handbook, please do not hesitate to contact your Talent Acquisition Specialist to discuss.

We are committed to providing you with a rewarding, safe and satisfying work experience. It's good to know you.

Working for Skout Solutions

As you are now an employee of Skout Solutions you can now enjoy the benefits of working for a national recruitment, people and projects company. In addition, it is important to remember that as an employee we expect you to uphold our values and act in a way that positively represents our brand.

We expect you to use these values as a minimum benchmark for acceptable behaviour. However, it is also your responsibility to make yourself familiar with the host employer's policies and procedures and follow these in the first instance.

What kind of employment do we offer?

Temporary assignments

The type of work Skout Solutions offers is of a temporary nature and is not guaranteed in any way.

Temporary assignments are available across our entire network of offices, with the majority of work at short notice. You are not entitled to any minimum number of assignments or hours per week. You may reject or accept any offer of an assignment at your own discretion. If an offer of assignment is accepted, you must accept the terms of the individual assignment.

Each individual assignment may differ in its terms, such as length of assignment, hours of operation, days of work and pay rate. Your Talent Acquisition Specialist will brief you on each assignment prior to your commencement. If you have any queries feel free to raise these with your Talent Acquisition Specialist.

Skout Solutions may alter the terms of each assignment, such as the start and finish dates or the days of work. Our clients, who will become your host employer, determine the terms for each assignment, so each assignment could be for a few hours, a few weeks or a few months. If a host employer asks you to change roles or perform a different task while on assignment, you must report this to your Skout Solutions Talent Acquisition Specialist.

You must only perform the role and tasks that you have been assigned to do, as any other tasks may not have been assessed for workplace health and safety. While the Host Employer will supervise and direct your day to day activity on their site, Skout Solutions is still responsible for you at all times, and will routinely check how you are going in each assignment, regardless of length.

Skout Solutions does not:

- Guarantee the existence of assignments or work for temporary employees.
- Guarantee the duration or the pay rate of any assignment.
- Provide any paid leave, including but not limited to annual, long service, parental, Carers or sick leave.

Permanent work

We offer a permanent placement service; please ask your Talent Acquisition Specialist if you would like more information.

Ending and extending your assignment

Temporary and contract work is dependent on business requirements so there may be instances where your assignment comes to an end earlier than expected. When this happens we will inform you as soon as possible. On the contrary, there is also the possibility that the assignment may be extended and we will consult with you in this instance. Further details are contained within your temporary / contractor agreement and assignment confirmations.

Workplace health & safety

Skout Solutions is committed to protecting the health and safety of all persons within our workplace including employees, contractors and visitors, and ensuring that our activities place minimal negative impact on the environment and the greater community.

Standards and protocols overview

We are focused on excellence and committed to fostering high levels of professionalism, so before you get started on an assignment it is important to familiarize yourself with our standards and protocols.

OUR OBJECTIVE

Our objective is to strive for zero harm through the belief that:

- all incidents can be prevented,
- we can perform our operations with minimal negative impact on the environment, and
- we can be of benefit to the greater community.

OUR METHODS

At Skout Solutions we will meet this objective by line management:

- promoting a positive culture that is based on passionate HSE leadership and effective consultation with employees, clients and relevant external parties
- promoting environmental sustainability as part of our culture
- ensuring all personnel have clearly defined and understood responsibilities and accountabilities for the effective implementation of our HSE policy and management system
- engaging with clients and other business partners to achieve and improve HSE standards
- applying risk management principles to the identification, assessment and control of hazards, work practices and behaviors that could cause incidents, injuries, illness or environmental harm
- complying with all relevant HSE legal and regulatory requirements, company policies, standards and procedures
- providing appropriate information, training, supervision and resources that assists all personnel to implement and maintain our HSE management systems
- managing HSE incidents, close calls and hazardous conditions consistently through early identification, notification, methodical investigation and the sharing of learning's across the organization
- encouraging personnel to maintain a healthy balance between work, family and friends
- informing and educating all personnel on the potential impacts of medication, illicit drugs, alcohol, fatigue, stress and other issues relating to their wellbeing and fitness for work
- providing confidential employee assistance and counselling services for the benefit of all employees
- measuring and monitoring, for continual improvement the effectiveness of our HSE management systems, and
- reporting publicly and annually on HSE performance, measured against objectives and targets.

This Policy applies to all Skout Solutions operations and covers all our activities and services. Our commitment to HSE management will not be compromised.

Office hours

Your Talent Acquisition Specialist will advise you of the opening hours of the Skout Solutions office you are working for. You should call your Talent Acquisition Specialist during business hours for any queries.

Equal employment opportunity (EEO)

As an equal opportunity employer, Skout Solutions is committed to ensuring a workplace free of discrimination, harassment, bullying and victimisation. This commitment is based on the value we place in you and our determination to comply with all relevant equal opportunity laws. Skout Solutions does not tolerate any of the following behaviours from our employees.

EEO principles

No discrimination: Skout Solutions aims to ensure, through the application of all company policies, practices and procedures, that no discrimination takes place and that you enjoy equal access to opportunities during your association with the company. The basis of employment decisions is merit based.

No harassment: Skout Solutions will not tolerate sexual, racial, religious or other kinds of harassment in the workplace.

No bullying: Skout Solutions will not tolerate bullying and will take appropriate measures to manage any occurrences.

No victimisation: Skout Solutions will not tolerate victimisation or unfair treatment of anyone who makes a genuine EEO complaint.

Skout Solutions is committed to a high level of equal employment opportunity compliance by ensuring that all complaints are handled in a timely and professional manner.

If you feel you are being discriminated against, please contact your Talent Acquisition Specialist or refer to the grievances, complaints and misconduct process below.

Managing your performance whilst on assignment

We will endeavour to maintain regular contact with you and your host employer whilst you are on assignment. This is so we can effectively manage your performance and provide you feedback to ensure we are giving you every chance to be successful.

It is fundamental that you take direction from your direct manager in the first instance as they are the ones that will be managing your workload and day to day activities.

Drugs and alcohol in the workplace

Drugs or alcohol have a direct impact on an individual's work performance and safety. You must be aware of and adhere to the host employer's drug & alcohol policy. In the absence of a policy, Skout Solutions' policy is that the consumption of drugs and/or being under the influence of drugs and alcohol will not be tolerated in Skout Solutions offices and host employer sites.

Consumption of alcohol is only allowed at the direction and permission of Host employer management.

Illicit drugs are prohibited. Anyone found in possession, under the influence or selling/buying illicit drugs while at work for Skout Solutions will have disciplinary action taken. You must notify your Talent Acquisition Specialist if you are taking Prescription or non-prescription drugs which have the potential to impact upon a person's ability to work safely. This extends to the operation of motor vehicles and equipment.

Please Note: Skout Solutions reserves the right to perform a drug or alcohol test on any Skout Solutions employee.

Skout Solutions may also perform a drug or alcohol test if it is suspected that you may be under the influence of drugs or alcohol and intending to go to work. Any failure to comply with safe working instructions could lead to the cessation of your assignment.

If you suspect others in the work place are under the influence of drugs or alcohol then notify the host employer and your Skout Solutions Talent Acquisition Specialist.

Social media policy

Posts or images to social media should not be defamatory, abusive, inappropriate or contain confidential information about Skout Solutions or the Host Employer. Bullying or intimidation through social media will not be tolerated and may lead to disciplinary action.

Bullying and harassment

Bullying and harassment in the workplace is unacceptable and will not be tolerated by Skout Solutions. If you believe that you have been subjected to bullying and harassment or have witnessed such behaviour it is important that you speak to your Talent Acquisition Specialist immediately and please note our guidelines for reporting a grievance.

Reporting and resolving grievances

A grievance is an incident which is believed to be grounds for a complaint. This may include a cause for distress, unfair treatment or something more serious.

Informal grievance

What if I think I can resolve the matter myself?

In many situations, the first appropriate step is to tell the person who is the cause of the complaint how you feel. If the complaint is about their behavior, tell them that it is unacceptable, offensive or hurtful. If it is about a work decision, tell them why you think it is unfair or inappropriate. Sometimes people behave inappropriately without realizing, or make decisions without considering the repercussions. Telling the person will give them a chance to stop or change what they are doing. If you decide to take this action, it is important that you also

- Seek support from your Skout Solutions Talent Acquisition Specialist.
- What should I do if I can't approach the person involved? If you don't feel that you can't approach the person directly, then explain the problem to your Skout Solutions Talent Acquisition Specialist. They will Advise on what your options are and, if you wish to lodge formal grievance or report an incident, will Advise you on how to do so (see section below).
- If you don't feel comfortable talking to your Talent Acquisition Specialist (or your complaint is in regard to your Talent Acquisition Specialist), you can then contact the local branch manager or the Skout Solutions HR team.

Formal grievance

How do I lodge a formal grievance?

- Discuss with your Skout Solutions Talent Acquisition Specialist, Skout Solutions Branch Manager or Skout Solutions HR Team.
- You may also wish to put your complaint or incident in writing and provide it to your Skout Solutions Talent Acquisition Specialist.
- There may also be instances where it is appropriate to inform your manager at the Host Employer. Please note that this should be in addition to contacting Skout Solutions.

Complaints investigation

Complaints are investigated in an impartial, confidential and timely manner – the guiding principles of Skout Solutions' grievance handling procedure are:

- **Impartiality.** If you raise a grievance, it will be investigated in a fair and impartial manner. No judgements or assumptions will be made, and no action will be taken until the investigation is complete. If a complaint is made against you, your rights will be protected and you will be given an opportunity to tell your side of the story.
- **Confidentiality.** If you raise a grievance, the details will remain confidential between you and the investigating team. Those involved in an investigation, must maintain strict confidentiality with regard to all aspects of the process or face disciplinary action.
- **Timeliness.** Each grievance will be finalised within as short a period of time as possible. Where necessary, all information will be passed on to the relevant manager immediately.

Speak up - misconduct reporting hotline

Speak Up is a way for Skout Solutions employees, suppliers and clients to confidentially to raise issues about misconduct in the workplace such as unsafe, unethical or illegal practices.

We rely on people to speak up whenever they feel there is a breach of Skout Solutions Business Principles or that they, their colleagues, our clients and suppliers, our business or our reputation might be at risk in accordance with the Skout Solutions Misconduct Reporting Policy. If you encounter discrimination, sexual harassment, unfair employment practices, threats, physical violence or financial conflicts of interest, don't remain silent.

If you have concerns that you feel cannot be raised with your Skout Solutions Talent Acquisition Specialist or through normal procedures, you can rely on Speak Up, a 24/7 telephone helpline run by an independent provider:

Australia

Freecall Number: 1800 819 877

Email: brswhistleblower@deloitte.com.au

Your confidentiality is protected to the extent possible. Skout Solutions has a strict policy of non-retaliation against persons who make workplace misconduct reports under this policy.

timesheets & payroll

Pay rates

Your hourly/daily rate will be agreed upon with your Talent Acquisition Specialist prior to the beginning of each assignment.

Payroll and taxation forms

Payroll and Taxation forms (requiring your Tax File Number if applicable) must be completed at interview or prior to the commencement of a contract assignment.

If your tax file declaration is not received within 14 days, your withholding tax rate will be charged to the highest tax bracket.

If you are to be paid as a Company you must provide your Talent Acquisition Specialist with your Certificate of Currency, evidence of Insurances and Registration documents for a business or company name. See your Contract of Service Terms and Conditions or Independent Contractor Agreement for more information on what is required.

Timesheets

As a temporary or contract worker employed by Skout Solutions, you will be paid weekly. Your timesheets need to be completed and submitted by no later than 7pm each Sunday. Only complete timesheets with appropriate approval will be paid, so it is important that you check your timesheet before submitting it, ready for approval by your supervisor. Overtime needs to be approved by your supervisor prior to it being worked.

Timesheets are processed at the start of each week, and generally your pay will be available in your bank account on no later than Thursday (unless there is a public holiday in NSW whereby your pay may be delayed by one day). You will have access to your own my Skout Solutions web portal, through which you can view your bookings and payslips.

Your Skout Solutions Talent Acquisition Specialist will let you know which timesheet system is right for you.

We utilise a time sheeting and payroll system managed by Randstad
Your employee portal is also managed by Randstad (my.randstad.com.au)

Client based systems

Some Skout Solutions clients use their own timesheets or shift attendance systems and provide the shift information directly to us. If you are placed at one of these sites, your Skout Solutions Talent Acquisition Specialist will make sure you get all the instructions and training you need to get you started.

Timesheet tips

Your Skout Solutions Talent Acquisition Specialist will add timesheets to your my Skout Solutions portal, which allows you to use both the my Skout Solutions web portal and mobile timesheet app.

When using my Skout Solutions web and mobile timesheets, please remember the following points:

- DO enter your hours using a 24 hour clock
- DO ensure that you are inserting the hours in the correct columns.
- DO enter your unpaid break duration in minutes
- DO submit your timesheet by 7pm on Sunday night to ensure payment in the next week's pay run.

Expenses or disbursements

Expenses and allowances are easy to claim through the My Skout Solutions web and mobile timesheets. Simply select to add an expense or allowance, choose the type, and enter the amount claimed. Add photos of your receipts using your smartphone's camera, or upload other supporting documentation to your my Skout Solutions timesheet to have claims and allowances approved and paid along with your timesheet. For instructions on adding expenses and allowances, visit the mobile timesheet page on our internet.

Receiving pay

Payment will be made by electronic funds transfer (EFT) into your bank account following the receipt of your approved time sheet. You will be given access to the Skout Solutions web portal, where you can view your bookings and see your payslips.

Superannuation

Skout Solutions makes a contribution of the applicable State Guarantee Levy to a superannuation fund on all "ordinary time" earnings, when you earn more than \$450 (gross) in any one month.

You will receive a Standard Choice form within 28 days of your first salary payment from Skout Solutions or within 28 days from the date you request one. You are able to nominate your own superannuation fund by completing this form and returning it to the nominated address on the Super User Choice form.

In addition to the completed Standard Choice form you will also need to provide us with the following:

- The full name and contact details of the fund.
- The account name in full.
- The number or other unique identifier (if any) that the fund uses to refer to your account.
- The Australian Business Number (ABN) and Superannuation identifier or number.
- What method can be used to make contributions to the fund and any necessary details to enable the payment to be made.

A written statement provided by or on behalf of the trustee of the fund, that the fund is a resident regulated fund that can accept Skout Solutions' contributions.

Provided the superannuation fund you have nominated is a complying fund and all documentation is completed correctly, all future contributions will be directed to that fund.

If a fund choice has not been made all employer contributions will be remitted to Skout Solutions' default fund. The default fund will be nominated on the Standard Choice Form supplied to you. As an employer, superannuation must be remitted on a quarterly basis, however we currently remit to the Superannuation Fund monthly. After a period of 12 months you may change your choice of fund. This can done only once within a 12 month period.

Please note: If you are paid as a company Super User Choice does not apply to you. If you are registered as a Company or Trust it is your responsibility to pay, to an approved fund, the required amount of superannuation. If you

are paid under an Award, Australian Workplace Agreement (AWA), Enterprise Bargaining Agreement (EBA) or a defined benefit fund, Super Choice may not apply to you. Please ask your Talent Acquisition Specialist or contact the Customer Service Hotline if you are unsure.

If you have any questions please contact the Australian Tax Office on 13 28 64, visit www.superchoice.gov.au

Pay enquiries

If you have any queries, contact the Customer Service Hotline on 1300 852 155 (this number is managed by Randstad and they will be able to assist you) or email <mailto:templabour@skoutsolutions.com> your queries will be answered between 8.30am to 5.30pm (EST) weekdays. If your call is answered by voicemail, leave your full name (including spelling), Employee ID number, contact phone numbers including your area code and the reason for your call. Your call will be responded to promptly.

Please advise your Talent Acquisition Specialist if there are any changes to your address, telephone number or bank account details to ensure you receive your Pay Advice, Recipient Created Tax Invoices (RCTI's) or Remittance Advice.

Workplace health & safety

You are an important asset to Skout Solutions, which is why we take all reasonably practicable steps to ensure your health and safety in the workplace when working with our clients. Workplace health and safety is largely about common sense and we ask you to co-operate with Skout Solutions and our clients to ensure your own personal safety and to make sure that your actions do not endanger those around you.

Your safety, and the safety of the people you are working with, depends on your awareness of safe working practices and the need for a safe working environment. Although Skout Solutions acknowledges its obligations to you, safety is a cooperative effort.

- You must take responsibility for your own safety by:
- Advising your Talent Acquisition Specialist prior to starting an assignment if you have any pre-existing injuries or disabilities which will not allow you to perform your role in a safe manner.
- Informing your Talent Acquisition Specialist if your ability to perform duties safely in the workplace changes.
- Making sure you know how to do the job safely before you commence.
- Being aware of any safety risks associated with the intended tasks.
- Following safety instructions.
- Reporting anything you feel is unsafe about the equipment, task or work environment.
- Avoiding the use of equipment that you are not fully trained to use or unsure how to operate.
- Discussing any aspect of job safety that you are concerned about with your supervisor and Skout Solutions Talent Acquisition Specialist.

Skout Solutions maintain a comprehensive set of procedures relating to work health and safety, these are available to you, please contact your Talent Acquisition Specialist should you wish to review these in full, the following is an overview to assist you maintain your safety whilst working with Skout Solutions.

Preventing accidents and injuries at host employer sites

Skout Solutions assesses host employer sites for safety requirements before sending anyone onto those sites to ensure host employers are providing a safe workplace. Where safety issues are identified on a host employer site then Skout Solutions works with the host employer to fix those issues either prior to workers starting or not allowing workers to perform those roles. For all medium and high risk tasks Skout Solutions produces a Job Analysis. Your recruitment Talent Acquisition Specialist will advise you of the main hazards you may face on site and the control measures in place with the host employer to protect you.

Host employers are required to treat you as they would their own employees for all health and safety matters. This may include making you aware of their Health & Safety Policy, assessing any health and safety risks which may affect you and recording any accidents or injuries that involve you.

Skout Solutions are committed to ensure our systems and processes are robust and up to date, Skout Solutions are accredited to Australian / New Zealand Standard: 4801 Occupational Health & Safety Management systems.

Medical and pre-employment assessments

In addition to assessing the host employer sites, Skout Solutions also assess each job role so that we can place people who are a perfect job fit. We perform medical and pre-employment assessments where required, so that your abilities are matched to the jobs we place you in. You may be asked to complete either or both of these assessments during the registration process. This is to ensure we are not placing you in a role that could cause or aggravate any existing conditions or injuries. Skout Solutions will investigate all injuries, hazards and near misses to identify root causes and put corrective measures in place with the client.

Host employer's responsibilities

Skout Solutions' host employers are responsible for the provision of a safe working environment and systems of work. They must ensure that equipment provided to you is in a safe condition for use and provide instruction, training and supervision as necessary to ensure your safety.

Host employers must also consult with you on any changes to systems of work that directly affect your safety, in most instances your Skout Solutions Talent Acquisition Specialist and Skout Solutions' WHS team will be involved.

Site specific inductions by host employers

When you arrive on site for to start an assignment, your host employer must conduct a site specific induction that will include:

- Orientation of facilities.
- Fire/evacuation/emergency procedures and contact personnel.
- Specific training/induction on tasks and equipment to be used.

An induction on site is important to ensure you are comfortable in the job and understand what is expected of you. Also, any specific hazards on the site that you need to be aware of.

Monitoring and consultation

Your Talent Acquisition Specialist will be in touch with you to ensure that you are comfortable in your assignment. As our eyes and ears on the host employer site, we need feedback to ensure your safety.

What we need to know

Contact your Skout Solutions Talent Acquisition Specialist immediately if:

- You identify a hazard that cannot immediately be rectified.
- You have not had a site specific induction when you first start an assignment.
- You are asked to undertake additional duties for which you have had no instruction.
- You are assigned to a new position.
- You are directed to use equipment different to that originally required of the job.
- You are asked to use equipment that is not part of your current job or you are asked to use equipment that you have not been trained on.

Remember - Do not use any equipment/machinery without having received instructions on its safe use, this includes unblock, maintain or service the equipment/machinery.

If you suffer a workplace accident/injury

If you suffer an accident/injury you must notify your Talent Acquisition Specialist immediately and provide all relevant details relating to the incident.

Skout Solutions have a team dedicated to assist you in the event of injury.

Workers compensation

Skout Solutions maintains insurances to cover you in the event of a workplace injury. On submission of a claim form Skout Solutions and our nominated claims management providers (as part of the Workers Compensation schemes in each state and territory) will assess the claim and provide appropriate advice to you. This does not apply to Independent Contractors who are responsible for their Workers Compensation policy and income protection.

Safety standards & procedures

You must always ensure that you are aware of the safety procedures of each host employer site you attend. Skout Solutions also expects that you are aware of these basic safety standard and procedures.

Manual handling

Manual handling is the biggest single cause of workplace injuries and is a significant risk within our industry. Manual handling describes every day activities such as carrying, rolling, pushing, lifting and lowering loads. In any work environment, it is important to maintain safe manual handling procedures.

6 Steps to follow

Step 1 – Stop and Think

- Is the weight, shape and load within your capacity? If not, use a mechanical aid or ask for help.
- Determine the best handling technique for the job ensuring it does not involve bending, twisting or reaching.
- Plan where you will place the load and check that the path is clear. For a long lift, such as shoulder to floor consider resting the load mid-way on a table or bench to change grip.

Step 2 – Position your feet

- Feet should be hip width apart, with one foot behind the load and the other beside the load in the direction of travel.
- Get as close to the load as possible.

Step 3 – Bend knees and Keep Back Straight

- Bend the knees and squat down.
- Never bend from the waist to pick up an object, no matter how small.
- Keep your back straight, maintaining its natural curve.

Step 4 – Get a firm grip

- Try to keep your arms within the boundary formed by your legs.
- The best position and type of grip depends on the circumstances and individual preference; but must be secure.

Step 5 – Lift with legs, keep back straight and load close to body

- To lift the load use the powerful muscles of your legs and straighten your knees.
- Keep your head raised, chin tucked in and back straight. Move smoothly and slowly and keep the load close to your body so that less stress is placed on your back.
- Keep the heaviest side of the object next to your trunk.
- Change direction with your feet. Don't twist your body when turning to the side.

Step 6 – Control lowering of the load

- It is important to lower the load in a controlled manner. Bend your knees and keep your back straight.
- Do not release your grip until the load is securely in position

Housekeeping

Slips, trips and falls can be avoided with good housekeeping and common sense. For example, some common causes are:

SLIPS: uncleaned spillages, greasy or wet floors, grippless footwear.

TRIPS: poorly maintained floor surfaces, objects left lying on the ground (cables).

FALLS: standing on chairs, tables, machinery or overreaching on ladders.

If you see any of these things, take a moment and rectify it. If you cannot rectify it, report it immediately to your supervisor and your Skout Solutions Talent Acquisition Specialist as a hazard. Ensure that you keep your work areas clean and tidy and clean up as you go.

Failure to follow these steps, could lead to serious injury, namely:

- Back muscle strain
- Rupture or hernia
- Damaged discs

Equipment should be in good working order and appropriate for the work area. Any faults or damage must be reported immediately to the host and your Skout Solutions Talent Acquisition Specialist.

Fire safety

At the commencement of an assignment you will receive training in the event of an emergency specific to that site. If you do not receive this, ask, or notify your Skout Solutions Talent Acquisition Specialist.

Electrical safety

Keep an eye out for electrical hazards, including:

- Cracked or faulty cords
- Equipment that is overheating
- Damp or humid conditions around electrical equipment

Most work sites have an electrical testing and tagging program within each workplace. In order to comply with these programs:

- Non-approved electrical appliances must not be brought onto the workplace.
- Any instruction for the safe use of electrical appliances MUST be followed.
- Any electrical equipment not supplied by the host employer, for example, personal mobile phone chargers, must NOT be brought into the workplace and used unless inspected.
- Do not attempt to repair or work on electrical circuits or wiring unless you are a qualified electrician
- Do not access electric fuse boxes

Personal protective equipment (PPE)

Depending on the hazards associated with your workplace, host employers may require you to use PPE whilst on assignment with them. Your Talent Acquisition Specialist will ensure that you are aware of any required PPE for each assignment.

Examples of PPE are:

- Steel cap shoes/boots
- Safety glasses
- Hearing protection
- Hi visibility vest or clothing
- Hard hat
- Sunscreen
- Full length pants
- Long sleeve shirts

It is your responsibility to:

- Maintain any PPE in good condition.
- Notify your host employer and Skout Solutions if your PPE is worn out
- Follow directions of the host employer and wear all required PPE.
- Ensure you are wearing the correct PPE for the task.
- Attending your assignment without the required PPE may result in you not being allowed to work

Licencing

Certain activities (such as the operation of mobile plant) will require you to hold applicable regulatory tickets or licences. No work shall be performed unless you are suitably qualified/trained to do so. You must present these to your Skout Solutions Talent Acquisition Specialist and host employer. Licences must be carried at all times while operating equipment relating to the licence.

If you are in doubt contact your Skout Solutions Talent Acquisition Specialist immediately. If you lose your licence and require this for work you must notify Skout Solutions immediately.

Noise

Noise induced hearing loss can seriously affect you in all aspects of your life. Even walking through an area with very loud noise may cause permanent damage. Where clients have assessed that hearing protection is required you must wear it.

If you feel you want to wear hearing protection in any other event please ask your host employer for hearing protection.

Mobile plant

Mobile plant has the potential to injure or kill people. Examples of mobile plant are:

- Elevated work platforms (scissor and/or boom lifts)
- Forklifts
- Order pickers
- Earth moving equipment
- Prime movers

When working in the vicinity of mobile plant always:

- Keep outside of marked exclusion or restricted plant operating zones
- Always using designated walkways.
- Use mirrors if supplied for blind spots or corners
- Remain aware of your surroundings and listen and look for mobile plant warning alarms (e.g. reversing alarm, flashing lights)

When operating mobile plant:

- Ensure you are licenced and authorised prior to use.
- Follow all host employer safe operating procedures (SOPs)
- Perform a prestart check and inform your host employer of any faults, issues or concerns. Do not operate if it is not in a safe condition and notify your Skout Solutions Talent Acquisition Specialist immediately if your host employer expects you to use it.
- Use 3 points of contact getting on off mobile plant.
- Keep an eye out for pedestrians and keep a safe distance. If workers are working near or around mobile plant – make eye contact.

Machine guarding

Every year, workers sustain horrific injuries as a result of dangerous machinery and equipment. Poor guarding, allowing people to come into contact with moving parts of a machine, is a common cause of injury. When working with any machinery, ensure you receive and understand any training and read any safe operating procedures.

Skout Solutions risk assesses all of client sites and will review all machines you may be required to use prior to attendance on site. Since that assessment it is possible that guarding has been removed, damaged or stopped working properly.

If you are concerned that you can get your hand, or other part of your body, into an area where it could be injured then we ask that you stop what you are doing and report to your supervisor. If they do not give you a satisfactory answer then you must contact your recruitment Talent Acquisition Specialist. Be aware of pinch points, nip trap and entanglement risks, crush or cut risks.

Many injuries occur when something goes wrong with the normal process of the machine, for example a blockage or damaged materials. Ensure in the event of machine breakdown, blockage etc. that you do not try to fix it unless you are following the correct procedure. In most cases you must notify your supervisor to fix the problem.

In some instances you may be asked to conduct work on machines that have not been assessed, if new machinery is brought to site since your assignment commences advise Skout Solutions before using.

If you are cleaning, adjusting or maintaining machinery then you must familiarise yourself with the correct procedure. Ensure machinery is powered down and locked out before accessing hazardous areas or removing any guarding.

Where a danger tags or out of service tags on machinery you must not remove them or operate the plant. You must report to your supervisor and have the person who put the tags on, take them off.

Hazardous substances

Hazardous substances are defined set of chemical that can cause serious and possibly long term sickness or side effects. They must be stored, labelled, handled and disposed of in the correct manner. If you are using a hazardous substance, you must familiarise yourself with the Safety Data Sheet information. Do not decant any hazardous substances into an improperly labelled container. If the host employer requests this, you must report it Skout Solutions immediately.

Be aware of the routes of exposure for the chemical you are using, e.g. skin absorption, inhalation, or ingestion, and ensure that you are wearing appropriate PPE to prevent any exposure from occurring. Always wash your hands thoroughly after handling any hazardous substances.

If you have been exposed to a hazardous substance, seek first aid immediately and report this to your host employer and Skout Solutions.

Hazardous works

Hazardous works include:

- Hot work (welding/ grinding/ plasma cutting etc.)
- Confined spaces
- Working at height
- Asbestos removal

Hazardous works require an additional level of training/qualifications or tickets to be performed. If you are asked to perform the above without training then you must not start work, but inform your host employer that you are not trained and contact your recruitment Talent Acquisition Specialist.

If you have been trained you must sign onto the permit to work and acknowledge the safety procedures (Job safety analysis, safe work method statement, safe operating procedure etc.)

Make sure you are fully aware of the emergency and rescue procedures for hazardous work prior to starting work road vehicle users

There are many potential hazards in road transport and you need to think about how and where the work is done when looking for things that could go wrong.

Road accidents are the cause of most fatalities in the road transport industry, and driver fatigue is often a factor. Workers have also been killed or seriously injured after falling from the top of their trucks while loading, checking or securing loads or being struck by a forklift. However, more than 80% of severe injuries among road transport workers are not as a result of driving. Most are the result of unsafe manual handling.

Severe sprains and strains commonly occur when workers load and unload freight from trucks. Slips and trips that occur when getting on and off vehicles are another common cause of injury.

Skout Solutions takes workplace safety very seriously. You must, as a Skout Solutions worker, adhere to the following standards when placed in an assignment.

Drivers licence

- You must be licenced to operate a truck
- It is your responsibility to maintain your licence and provide Skout Solutions with the most up to date copies.
- You will not be able to work if you do not provide a valid licence.
- You must have your licence on you at all times.

Driver fatigue

- Fatigue and sleepiness are major risks in the workplace
- You are required to monitor your fatigue by recording your activity and breaks in an approved log book
- You must not drive more than 12 hours (standard fatigue) or 14 hours (basic fatigue) – this is the law.

Vehicle operating standards

- The repair and maintenance of vehicles and machinery can be extremely dangerous if not done correctly. You need to ensure equipment you use (including hoists, jacks and hydraulics) is suitable for the task and can be operated safely.
- You must complete your pre start check before you commence your shift.
- If any faults are identified with the Skout Solutions truck you are assigned, you must notify your supervisor and if this is not rectified – notify your Skout Solutions contact immediately to investigate.
- Never leave a site and operate a truck with faults/issues that have not been reported.
- All faults must be recorded on the pre start checklist and driver log book.
- Every organisation will have a different system however you must remember to report any faults and do not take any risks.

Road traffic laws

- It is the responsibility of the driver to adhere to road traffic laws.
- Speeding is not tolerated and may result in the termination of your employment. Majority of vehicles are fitted with monitoring devices.
- Under no circumstance are you to use a mobile phone while driving.
- Any traffic infringements while you are driving a Host Employer vehicle will be the responsibility of the driver
- You must wear a seat belt at all times.
- You must never smoke in the vehicle
- You must ensure you keep the vehicle clean and tidy
- Any incidents, injuries or near misses must be reported to your supervisor and Skout Solutions

Alcohol

- Everyone knows that it's an offence to drive with more than the prescribed concentration of alcohol in your blood.
- Accident statistics show that alcohol is a factor in 40 to 50 per cent of all fatal road accidents and that three in four drivers or riders killed in single vehicle road accidents have been drinking alcohol.
- Under no circumstance are you to attend work if you have been drinking or drink while working. Skout Solutions does not tolerate drink driving and random drug and alcohol tests will be performed by the host employers.
- If found to be under the influence, your employment may be terminated.

Drugs

- It is dangerous to drive while under the influence of any drug. Even drugs prescribed by a doctor can affect your driving ability. If your doctor prescribes medication, check that it is safe for you to drive when you are taking it.
- Illegal drugs (such as marijuana) can seriously affect your driving performance.
- You should also avoid taking stimulants to keep you awake while driving. Combinations of drugs, or alcohol

- and drugs, can have unpredictable and dangerous effects and must be avoided.
- Skout Solutions does not tolerate the use of illegal drugs and random drug tests will be performed by the host employers.
- If found to be under the influence, your employment may be terminated.

Pointers which will help get you home alive

- Stop driving every two or three hours, take a break, get out and exercise. Frequent short stops are better than occasional long ones. These breaks are also an ideal time for checking your vehicle (load, tyres, etc.).
- Make sure there is plenty of fresh air entering the cabin. Many drivers find it helpful to direct fresh cool air onto their faces.
- Maintain cabin temperature at a comfortable level, a little on the cool side.
- Avoid large, heavy meals before driving. Light meals, plus snacks during driving, will help you stay alert.
- Keep your eyes moving, constantly switching your gaze as you drive. If you find yourself tending to stare straight ahead with a fixed gaze, or have difficulty in maintaining focus, you are becoming fatigued. Stop and take a break.

You must immediately contact your Talent Acquisition Specialist at your local Skout Solutions office to report the hazard so it can be safely investigated
